Dear Richard,

According to a chemical engineer, who is also knowledgeable about the conditions for landfills, with 'proper hydrogeochemical design all 3 sites (enclosed) could be used for municipal or hazardous wastes.

The sites should be identified in RAMP.

Sincerely,

ROBERT B. DAVIS

WASTE REDUCTION &
COMPLIANCE BUREAU

TO: G. Sotolongo, EPA
FROM: Robert B. Davis
DATE: March 24, 1983
RE: RAMP

Dear Gerry:

Consider my oral comments at the last State meeting as essentially the comments I shall forward. I had already delivered them orally to R. Tomcyk of the State. I shall formalize them in writing in the near future.

I have also spoken with C. Bering of the EPA, and he told me we were welcome to submit our comments in the near future.

Sincerely,

Robert B. Davis
